Jason **benchmark DOORS**

product **FEATURES**

Individual glazing system

Twist-in Building-in Ties

Stylish built-in Mortised Deadlock

The traditional look of timber **THE DURABILITY OF ALUMINIUM**

At last. Classic-style French doors and hinged doors crafted for you by Jason. Single and double door sets may be coupled to highlites and sidelites for added visual appeal. Different glazing and glazing bar configurations give you further scope to create a truly individual look for your new home. The perfect choice to coordinate with **BENCHMARK windows**.

SECURITY

Mortised deadlocks with stylish handles which are available in selected colours. Double doors include concealed flush bolts.

STRENGTH

Sturdy frame design maintains minimum frame width of 75mm. Designed specifically for cavity brick construction and aligns perfectly with all other Jason products.

RANGE

Single and double leaf hinged doors may include mid-rails or a glazing bar configuration in a pattern of your choice and in a vast range of sizes. Sidelites, highlites and arch tops can also be coupled to your door style.

COUPLERS

A full complement of couplers provides a neat and appealing door to door, door to window alignment.

- ▶ 180 degree straight coupler accepts 60mm (od) steel column
- ▶ 135 degree bay coupler accepts 60 mm (od) steel column
- ▶ 90 degree corner coupler accepts 60mm (od) steel column
- ▶ Door to window highlite coupler

PERFORMANCE

Products are designed to meet the performance criterion as stipulated in AS 2047 and tested by NATA approved agencies. As a member of the Australian

Window Association products are subject to third party audits designed to ensure that the product matches the publicised test results. Performance labels are permanently placed on all windows to confirm the structural rating and the water performance capabilities.

PLASTER STOP

Jason's unique Plaster Stop minimises cracking and reduces the cost of maintenance.

COLONIAL BAR

A choice of either the integral glazing bar or a stick on application is available. The integral bar enables different glass substances and bevelled glass to be incorporated in the product design.

GLAZING

Glazed externally incorporating high tack pressure tape adhering the glass to the frame on contact. The best in water proofing performance without compromising security. The Benchmark series doors offer a vast range of glazing options, single pane, double pane, security glass and toned glass to support your home's energy efficiency.

BUILDING-IN DETAIL

Twist-in lugs to the internal and external brick course provide added strength and enduring frame fixing.

QUALITY

Certified to ISO9001. Audited bi-yearly to ensure compliance.

TEN YEAR WARRANTY
