

REMOVE & REPLACE

RENOVATION PARTNERS

BEFORE

AFTER

The standard of our workmanship at Jason Windows is paramount to our success, which is why we have partnered with three quality local businesses to meet your remove & replace project requirements.

Jason Windows will still provide our locally manufactured quality products for your project. However, we like to leave the remove & replace work to the experts.

Whether you are looking to bring the outdoors in with modern window and door designs, replace your warped timber front door or upgrade the glass in your home, you will love your new Jason Windows products, supplied & installed with care by the experts.

GET TO KNOW OUR REMOVE & REPLACE PARTNERS

West Coast Window Installations have been proudly servicing Perth and the surrounding north metro area for the past 14 years, installing premium commercial and residential aluminium windows and doors.

Ben Schmidt leads an expert team of specialist window installers, ranging from carpenters to trade qualified glaziers with many years industry experience.

Ben has 20 years experience in the residential and commercial construction industry which enables him to think outside the box on complex projects and come up with solutions that exceed customer expectations.

When it comes to site installation, Ben and his team work very closely with their client and Jason Windows to ensure absolute customer satisfaction.

WA Custom Replacement Windows and Doors is a fully licensed, accredited member of the Australian Glass and Glazing Association specialising in the removal and replacement of windows and doors. They also offer a full range of custom residential glazing including showerscreens, mirrors, splashbacks and wardrobes to help with your renovation.

With close to 40 years of experience in the industry between Owner and Master Glazier Gavin Turner and General Manager Brent Beahan, backed by a team of fully qualified glaziers and a customer service driven admin team, you can rest assured your project will be in safe hands.

By using trusted Jason Windows products, WA Custom Replacement Windows and Doors strives to provide the highest quality installations and customer satisfaction.

Do you live within the south west region of WA?

We have a showroom in Bunbury where you can view the Jason Windows range and our Sales Team can co-ordinate your project with our local partner based in Bunbury.

Ikon Glass South West opened in Bunbury in June 2008 with the aim of providing a high quality product and exceptional service to the south west.

By partnering with Jason Windows as an official Remove & Replace Partner for the south west, Ikon Glass South West is proud to supply and install the full range of quality Jason products.

The team pride themselves on a quality finish every time, which is why they are a trusted partner of Jason Windows.
