

Premium Double Glazing

Jason Windows has released a new double glazing system to suit the Jason Premium Residential Frames. Designed to provide thermal insulation, solar control and improved acoustics at an affordable price.

Advantages

- Affordable double glazing in the Jason residential suite. Previously double glazing was only available in the Benchmark or Commercial framing systems.
- Excellent insulation performance, reducing energy costs
- Reduces outside noise
- Reduces condensation
- Different glass types such as Low-E and Laminated glass can be used to further improve energy efficiency and noise control
- Jason Windows only use argon gas in all double glazed products to create a more effective insulation break between the two panels of glass

Products

- Premium Sliding Windows
- Premium Awning Windows
- Premium Fixed Windows
- Premium Sliding Doors
- Premium Stacking Doors

Release Date:

October 2019
