- Keyless entry via keypad or mobile app
- Monitor lock status via the app
- Keypad must be used to deadlock
- Key used only for unlocking
- Battery operated using 4 x AA Alkaline batteries which lasts up to 12 months
- Emergency no power, uses 9V battery externally
- Emergency override keys included

## Keying:

- Can be keyed to builders Gainsborough Construction key only
- Any other keying will be a generic random key number allocation by Gainsborough
- Key will be posted once received from Gainsborough

## Leadtime from Gainsborough:

- 3 weeks

## Wi-Fi Bridge and Door Sensor

- The Wi-Fi bridge adaptor is available from Bunnings and is compatible with both iOS (iPhone or iPad) and Android. The app is called "Gainsborough Freestyle"
- **Wi-Fi BRIDGE INSTALLATION:** a locksmith can support this if you or the home owner is unable to do the DIY installation of the Wi-Fi bridge and door sensor.

## Handle Installation

The handle will be installed to the Sentry door before delivery to site. At glazing stage, Jason Windows will lock the door with the internal latching button placing the door in "*privacy mode*" – **it will not be deadlocked.**

## Security Doors

With the Gainsborough Freestyle Aurora Handle installed to the Sentry Door, there is sufficient clearance for a Jason Security Door. The handle cannot be fitted directly to the security door.

## Unlocking the Door During Construction

- Use the door handle from the inside
- Unlock using the Builder Construction key externally (where applicable)
- Unlock using the owner key externally (when received in the post by Jason Windows)

The setting of the keypad user code is to be arranged by the site supervisor or the home owner.

## Gainsborough Warranty

- 5 Year Tarnish Warranty
- 10 Year Mechanical Warranty
- 2 Year Electrical Warranty

## Setting User Code Instructions
