

WHY WE PARTNER WITH JASON WINDOWS

Jason Windows understands that a new home is a major investment and are committed to providing the highest quality windows, doors, glazing and security screens for our customers.

On top of this, your new Jason window and door frames come with the renowned Jason Windows 10 year structural warranty so you can rest easy knowing you are backed by a dedicated team of Jason Service Technicians, Service Administrators and Spare Parts Coordinators.

Jason Windows will handle all warranty maintenance enquiries directly with you and continue to manage all maintenance and service needs outside of the warranty, for the life of your home.

As our valued customer you will benefit from the quality of product design, strength, and security of Jason Windows, Doors, Glazing, and Security Screens handcrafted for Western Australians.

Features & Benefits of Jason Windows

Jason Windows products have been widely used in WA homes for over 60 years and the Company continues to be the market leader in product design, strength, security and customer service.

Attention to detail, in-house custom testing equipment and internal process ensures Jason Windows produce quality products and services that continue to perform and stand the test of time.

QUALITY PRODUCTS

- The Jason product range is designed specifically for the WA construction market. Some national brands require adaptors to span double brick cavities often used in WA
- In line with their commitment to quality, Jason Windows has developed a unique product testing facility, the first of its kind in WA. In addition to their ISO9001 Quality Accreditation, Jason Windows take this one step further with the ability to test components directly from the manufacturing line. Working with their supply partners, Jason Windows ensure all hardware and components meet the highest standards.
- Jason Windows product range is backed by a 10 year structural warranty and a 2 year moving parts warranty
- Product strength and structural ratings are higher than the minimum standard requirements
- Most Jason products have an airconditioning rating. This means the seals are of a quality that allows very little air leakage and prevents the product from rattling, providing improved acoustic and thermal performance. Air leakage is the biggest contributor to energy loss in a home
- The Jason range of products operate freely and smoothly with all roller systems tested to perform with ease under heavy glass loads
- Jason Front Entry and French Doors come with deadlocks for extra security. Windows are all key locked, with Breezelocks on the sliding windows, allowing you to lock your windows in the open position

QUALITY GLAZING

- Jason Windows offer 4mm glazing in windows as a minimum. Some suppliers will provide 3mm glazing
- Jason Windows offer 5mm as standard for grade A safety glass in both doors and windows. Some suppliers will substitute 4mm grade A safety glass where the standard allows it
- The Jason Double Glazing range uses argon gas to create a more effective insulation break. This greatly reduces both heat flow and thermal conductivity through the window

PRODUCT SPECIALISTS AT YOUR FINGERTIPS

- Jason Windows Product Specialists have been specifying windows, doors, glazing and security screens for Western Australian home owners for over 60 years. Their team of Product Specialists

offer expert advice in choosing the right products to suit your budget, lifestyle and needs

- Product Specialists are available at both Jason Windows Showroom locations in Welshpool and Bunbury. Check the Jason Windows website for up-to-date opening times

SERVICING FOR THE LIFE OF YOUR HOME

- Quality service goes hand in hand with a quality product and Jason Windows is committed to providing helpful, informative and attentive customer service. Jason Windows will handle all warranty maintenance enquiries directly with you and continue to manage all maintenance and servicing needs outside of the warranty, for the life of your home

CUSTOMER SATISFACTION

Jason Windows take after our own heart when it comes to customer satisfaction.

Every home owner that Jason Windows performs a service call for receives a feedback survey to complete. Below are some survey responses from customers who have experienced the Jason Windows service first hand:

I am glad you sent this as I wanted to give some feedback! Stuart was prompt, courteous, professional, clean and did a very thorough job fixing my problems! Very grateful and please pass on my sincere thanks. — Heidi, Dalyellup

Everything was actioned so quickly and easily. The correspondence was great and kept me up to date. All the staff were great at their job. Mitchell was a pleasure, he did a great job, extremely polite and friendly and cleaned up after himself so well you wouldn't have known he was even here. — July, Secret Harbour

Very professional team, excellent knowledge of their products. He fixed the problem with my sliding door and kitchen window. Thanks to the team at Jason's and special thanks to Damian very good technician. — Mark, Beechboro

We are confident you too will experience Jason Windows commitment to quality and customer service as demonstrated by these examples.
