

## Retail Security Screen Update

Effective from 8th July 2024, Jason Windows will no longer be servicing the retail market for Retrofit Security Screens in the metropolitan region. This service will continue to be available in the South West from our Bunbury office.

### What does this mean for you as a builder?

- **No change to new build orders:** Our full range of Jason Windows integrated security screens for the new builds market will continue to be available.
- **For your clients building in the metro area:** Please ensure they are aware Jason Security Screens will only be available to them as part of their new build project with you. If they contact Jason Windows for security screens after handover, we will provide them with a list of referrals for after-market security screen companies.
- **Existing retrofit quotes:** If your clients have an existing quote with Jason Windows, it will be honoured if accepted before 30<sup>th</sup> September. A notification will be sent to these clients shortly.

This small change will enable us to continue to focus on providing you with the best service levels when purchasing new window, door, and screen products.

If you have any queries about this change, please contact your Jason Windows representative directly.

Regards,  
Jason Windows
